Dear Sir;

I have been re-reading the four books written by you and am interested in finding out if you have written or published any further material on this subject.

I would like to take this opportunity to ask you what your opinion is on the writings of Joachim Joesten. He has written many books on the subject but I have only read one, Oswald, Assassin or Fall Guy ?

Enclosed is stamped envelope. I would appreciate any help you can give me on this. I enjoy your writings very much and am deeply impressed at the work that must go into books such as yours.

Thank you very much.

Sincerely,

Chester J. McVeigh
